

Inerts Recycling

Toilets, sinks and other porcelain items, concrete, asphalt, bricks and cinder blocks can all be recycled at Davis Street. Our Public Area Materials Recovery Facility (PAM) separates construction and demolition materials to be recycled.

The Davis Street Resource Recovery Complex uses these materials on site for either construction projects or road projects. It's also for sale through our WM EarthCare product line as Alcatraz Drain Rock.

DID YOU KNOW?

Davis Street recycles over 21 million pounds of inerts each year.

MATERIAL MATTERS

California State Law requires at least 50% of Construction & Demolition materials such as concrete, rock, porcelain, bricks and cinder blocks be diverted from landfills.

Davis Street Resource Recovery Complex

2615 Davis Street
San Leandro, CA 94577

Hours of Operation:
MON - FRI: 7:00 am - 5:00 pm
SAT: 8:00 am - 4:00 pm
SUN: Closed
