

WHC CERTIFICATION ECO-VISTA LANDFILL

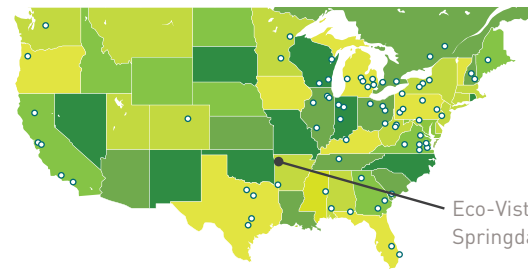

For more than 30 years, WM has partnered with WHC (Wildlife Habitat Council) to enhance and protect thousands of acres to support sustainability programs, biodiversity initiatives and environmental education. By transforming land into certified wildlife habitats, WM is helping communities thrive. At Eco-Vista Landfill in Springdale, Arkansas, employees actively manage conservation projects focused on birds. **The conservation program at Eco-Vista Landfill has been WHC-certified since 2009.**

PRACTICES AND IMPACTS

- The team installed and monitors bluebird boxes along a bluebird trail.
- Contracted, controlled burns occur every 2-3 years to maintain forest and grassland mosaic, enhancing bluebird habitat.
- Annual mowing is conducted to control woody and invasive species.

WM has achieved WHC Certification for conservation programs across North America
