**What is Assembly Bill 341?**

On July 1, 2012, Governor Brown signed legislation AB 341, which requires that businesses that generate at least four cubic yards of waste per week, and multifamily complexes with five units or more, regardless of the amount of waste generated, have a recycling program in place. While California has been a national leader in solid waste diversion practices, many recyclables still end up in the landfill. Therefore, the law is designed to reduce greenhouse gas emissions by diverting waste from landfills and to help reach California's recycling goal of 75 percent by the year 2020.

**Compliance is easy!** Whether you are starting from scratch or want to enhance your existing recycling service. Establishing recycling programs may also help reduce your monthly bill for waste collection services since recycling service fees are lower than waste collection fees. Waste Management has a wide variety of recycling solutions available. Contact us so we can assist you in finding the most suitable program for your needs.

**Schedule a Free Waste Audit**

During a waste audit, Waste Management's recycling experts can determine:

- The most effective recycling program for your business
- How many and where to place containers
- How often collection should take place
- What educational tools you will need for employees

**2015 Holiday Schedule**

There will be no trash and recycling collection on the following holidays:

- **New Year's Day**, Thursday  
January 1, 2015
- **Memorial Day**, Monday  
May 25, 2015
- **Independence Day**, Saturday  
July 4, 2015
- **Labor Day**, Monday  
September 7, 2015
- **Thanksgiving**, Thursday  
November 26, 2015
- **Christmas Day**, Friday  
December 25, 2015
